

## **Emergency Planning Officer**

The Council is looking for a willing person to take over this role.

Accidents, whether human or natural, happen from time to time. They can occur on a small or large scale; a transport disaster, chemical incident or flooding - and of course, there is also the unexpected. The aim of our Emergency Planning Officer is to assess the threats and risks to the district and plan for response and recovery should an incident occur.

This role will primarily be to update and revise the current Emergency Plan to ensure that the town meets its statutory obligations and employs the highest standards in doing so.
