

**REGENERATION WORKING GROUP – CHAIRMAN’S REPORT**  
**OSM TOWN COUNCIL MEETING – JUNE 4<sup>th</sup> 2018**

The information provided in this report is not intended for publication. The draft notes of the meeting that took place on the 21<sup>st</sup> of May and the diagrams produced have not been presented to the OSM Regeneration Working Group for their comments, neither proposals have been agreed. The Regeneration Working Group is meeting on the 14<sup>th</sup> of June after which, proposals will be presented to the full Council meeting in July.

On the 21<sup>st</sup> of May 2018 the Ad-Hoc Town Centre Group met at Abbott’s office in town to review the proposed projects detailed in the notes of the meeting held 27/07/2017 between representatives of the former Regeneration Project Working Group and of the County and District Councils.

Those present: John White, Jeff Abbott, Andy Wade, John Campion and Dave Moss put together some proposals on relocation of bus stops and enhancement of the Square, traffic flow through the town, congestion, parking and pedestrian safety. Also the attached diagrams were considered. These diagrams show the key topics and an action plan. Please don’t think any of what you see is in anyway on a tablet stone and still in the early stages and possibly subject to many changes, but it is a good start.

Again, the proposals of the Ad-Hoc Town Centre Group and the diagrams will be considered at the Regeneration Working Group on the 14<sup>th</sup> of June.

Cllr Josefina Gori  
Chairman - OSM Regeneration Working Group
