

January 2026 – Report from EDDC Cllr Vicky Johns

04.12.15 - Scrutiny - cancelled

10.12.25 - Full council; Sadly I sent my apologies as I had a prior commitment

08.01.26 - Scrutiny - cancelled due to weather; to be rearranged.

Please be advised all meetings are recorded and the minutes are available online.

Just because meetings may appear to be light or cancelled does not mean district councillors stop doing work. I have had many residents contact me with regards to lots of concerns, from parking issues, housing and lots of other concerns. Each email, message, face to face or phone call I receive has my full attention and I always aim to reply advising of how I can try to assist or point the resident in the right direction. As a Councillor I find it important to be approachable and to do your best for the residents. It can be hard when people are facing difficulties but as an elected representative it is our duty to try to help, even if it is just listening and pointing the person in the right direction.

Stay safe,

Vicky
